

# THE ORIGINAL

## IN 1984

ASI Instruments introduced the revolutionary Rodent Brain Matrix which set new standards in durability and performance among tissue dissection aids. It was a triumph of "Imagineering". A problem solved by approaching the challenge with the curiosity of a scientist, the ingenuity of an inventor, and the logic of an engineer.

Though imitated by our competitors, these are "The Original" metal matrices and still the highest quality instrument on the market today. We truly have the largest selection of matrices on the planet. ASI coined the ORIGINAL product name, the name that has become the standard in labs around the world....  
RODENT BRAIN MATRIX.

**"THE BEST ANYWHERE"**  
say scientists who are quickly  
obtaining repeatable  
sections as small as 1mm,  
day after day, year after year,  
even from lab to lab  
and at chilled temperatures.

"The Original"  
Self-Cleaning  
Brain Matrices

**DESIGN**  
FOR EASY MAINTENANCE  
AND CLEANABILITY

# RODENT BRAIN MATRICES

**RBM-1000C** | Rodent Brain Matrix  
Gerbil, Adult 70g, Coronal Sections

**RBM-1000S** | Rodent Brain Matrix  
Gerbil, Adult 70g, Sagittal Sections

**RBM-2000C** | Rodent Brain Matrix  
Mouse, Adult 30g, Coronal Sections

**RBM-2000S** | Rodent Brain Matrix  
Mouse, Adult 30g, Sagittal Sections

**RBM-3000C** | Rodent Brain Matrix  
Rat, Adult 125g-185g, Coronal Sections

**RBM-3000S** | Rodent Brain Matrix  
Rat, Adult 125g-180g, Sagittal Sections

**RBM-4000C** | Rodent Brain Matrix  
Rat, Adult 200g-400g, Coronal Sections

**RBM-4000S** | Rodent Brain Matrix  
Rat, Adult 200g-400g, Sagittal Sections

**RBM-4000DV** | Rodent Brain Matrix  
Rat, Adult 200g-400g, Dorsal-Ventral Sections

**RBM-5000C** | Rodent Brain Matrix  
Guinea Pig, Adult 350g, Coronal Sections

**RBM-5000S** | Rodent Brain Matrix  
Guinea Pig, Adult 350g, Sagittal Sections

**RBM-6000C** | Rodent Brain Matrix  
Ferret, Adult, Coronal Sections

**RBM-6000S** | Rodent Brain Matrix  
Ferret, Adult, Sagittal Sections

**RBM-7000C** | Rodent Brain Matrix  
Rabbit, Adult, Coronal Sections

**RBM-7000S** | Rodent Brain Matrix  
Rabbit, Adult, Sagittal Sections

**RBM-8000C** | Rodent Brain Matrix  
Rat, Pup 30g, Coronal Sections

**RBM-8000S** | Rodent Brain Matrix  
Rat, Pup 30g, Sagittal Sections

**RBM-9000C** | Rodent Brain Matrix  
Hamster, Adult 100g, Coronal Sections

**RBM-9000S** | Rodent Brain Matrix  
Hamster, Adult 100g, Sagittal Sections

## SPECIAL MATRICES

**RHM-4000C** | Rat Heart Matrix  
Adult, 1mm Slots

**RHM-7000C** | Rabbit Heart Matrix  
Adult, 2mm Slots

**MLM-2000C** | Mouse Lung Matrix  
Adult, 30g, 1mm Slots

## OUR BRAIN MATRICES

ARE CAST IN  
HIGH GRADE ZINC

USING THE

ACTUAL ANIMAL BRAIN

FOR UNSURPASSED CAVITY DEFINITION.

YOU CAN CHILL THEM, STERILIZE THEM,

SUBJECT THEM TO RIGOROUS DAILY USE

AND STILL AFFORD THEM.

OUR ENGINEERING STAFF WILL

WORK WITH YOU TO DEVELOP

**CUSTOM MATRICES**

TO MEET YOUR SPECIFIC LAB NEEDS.
