## Animal Tattoo Identification

*Permanent, Easy, and Cost Effective*

**NEO-9 Neonate Tattoo System** was developed just for tattooing P<sub>0</sub> - P<sub>15</sub> neonate rodents of any color/strain. This comprehensive tattoo ID kit comes complete with everything you need to tattoo ~2000 neonates. The detailed training guide provides step-by-step guidance with detailed illustrations of ID schemes with small and large number ranges. Neonate tattoo identification is a practical and humane alternative to toe clipping. Toe tattoos allow you to use your existing numbering system for toe clipping without removing the toe.
